

Timi Hadra is an Associate Partner at IBM in the Global Business Services division. She is the Senior State Executive for IBM in West Virginia and manages a strategic regional client innovation center in Rocket Center, West Virginia with more than 400 employees.

Timi is focused on providing relevant and compelling solutions to Federal clients' missions in the areas of application innovation, cyber security, and data center consolidation. She has over 15 years of experience working in the federal government contracting market including contract management, program management and business development.

In support of regional economic development, Timi serves as the First Vice Chair on the Executive Committee of The Greater Cumberland Committee (TGCC). TGCC is a non-profit, business-based organization serving five counties in West Virginia, Maryland, and Pennsylvania focused on long-term projects of regional relevance in areas of economic development, transportation, education, energy and next generation leadership. Timi is also a member of the Western Maryland Health System Community Advisory Board.

Timi was selected as a 2017 Best of IBM honoree and a 2016 Distinguished Manager recipient for GBS Public Services Sector.

She holds a B.S. in Economics from Frostburg State University, an M.S. in Agricultural Economics from The Pennsylvania State University, and a Masters in Contract Management (MCM) from American Graduate University. She lives in Keyser, WV with her husband.
